Education... How and When You Want It

EDISCO by Quality Insights and the Delaware Division of Public Health have partnered to provide a series of interactive and engaging e-learning courses to the practices, health systems, and federally qualified health systems in Delaware. The following seven courses are offered at **NO COST** through June 30, 2022. Additional courses are available for a fee.

1. **National DPP Coverage Toolkit Overview:** Learn more about the National Diabetes Prevention Program (National DPP) Coverage Toolkit which offers resources that support increased awareness and referrals to the National DPP lifestyle change program.
- * 2. **Medication Therapy Management** Improving medication adherence is an important way to increase quality and reduce cost. Learn how collaborating with pharmacists to provide medication therapy management can greatly impact patient adherence.
- * 3. **Colorectal Cancer (CRC) Screening:** Looking to engage your entire care team on the essentials of CRC screening and options for patients? Take this course for great tips on implementing CRC screening!
4. **Screening for Life:** If you are a Screening for Life provider or interested in becoming one – this is a great course for everyone on your team.
- * 5. **Motivational Interviewing:** Learn how to expand the role of your team and encourage enhanced communication with patients.
- * 6. **Health Literacy:** If your practice is striving to embrace diversity and reach all populations, this course is for you!
- * 7. **Tobacco Cessation:** Learn how to support your patients' efforts to quit tobacco and improve their chances for success.
