

Quality Insights 2021 Social Determinants of Health Practice Module

Earn Free Nursing and Continuing Medical Education Credits (1.0 credit hours)

Description

This 60-minute course provides an in-depth review of Quality Insights 2021 Social Determinants of Health (SDOH) Practice Module. This module was developed through a joint partnership with the Pennsylvania Department of Health and CDC-grant funding. The purpose of this course is to provide a framework for identifying social needs in the clinical setting and how the health care team can work together to reduce SDOH. The information presented is appropriate for physicians, physician assistants, nurse practitioners, nurses, and other clinical support staff.

After completing this course, the learner will be able to:

1. Describe how to assess and screen social needs of patients within their practice
2. Explain how to implement a standardized, closed-loop workflow addressing SDOH within their practice
3. Identify and connect their patients to local assistance resources

Course Requirements

Receive continuing education credit by:

1. [Watching the module overview recording](#)
2. Attending the in-person or virtual presentation **or** reading the Social Determinants of Health Practice Module located on the [Quality Insights website](#)
3. Complete an online evaluation as part of a 60-minute learning activity
